GreenRE Managers Course

Organized by:

Supported by:

Objectives

This is to accord recognition to professionals who have the knowledge and ability to advise their development team in the designing of sustainable buildings.

- To better understand GreenRE criteria and framework
- Facilitate towards an integrated design and verify compliance to GreenRE standards.
- Conduct cost benefit analysis of options and explore innovative solutions to enhance scoring.
- Coordinate the documentation process necessary for smooth certification and implementation.

Certification Requirements

Applicants for the **GreenRE Managers Certification** must satisfy the following criteria:

A recognised degree in engineering, architecture or other building related disciplines approved by the **GreenRE Review Panel** with a minimum 3 year working experience in a related field for degree holders or 5 years minimum working experience for diploma holders

OR

Other Building practitioners with a minimum of 5 years relevant working experience accepted by the **GreenRE Review Panel**

AND

Has successfully completed the **GreenRE Managers Course**.

Applicant is deemed to have successfully completed the course by attending at least 75% of the 3 day course and passing the examinations.
